Rarden Schools

Rarden Township Schools

The early schools in Rarden Township included: Rarden Village Thompson

Hoffer Hill

Dunlap

O'Bryant Mount Joy Thompson Lower Dry Fork McBride Hackworth Hill Union Hill

Youngs

Youngs is in Rarden Township.

Depending on where but the children lived they attended Rarden or Otway high School.

We have the Youngs pictures in both places.

Dry Run - Youngs - District #1

The school was first located on the east end of Dry Run Cemetery. The land had been set aside by Thomas Rarden for burial purposes. The school was first moved down the hill across from the church then later it was moved to a plot next to and east of the present Baptist Church. Later it was moved across the road and became a private residence. This picture shows the location of the school when it was located in the cemetery.

Foot of Cemetery Hill

This is across the road from the church.

Georgia Furr says that the school was brought out of the cemetery and put here first – then moved across the road next to the church.

View of Youngs, OH in the 1920s, showing the old school house and two churches. (looking West from Cemetery hill)

Same location in 2007

This is the school

One church gone. One church moved by flood. One school moved by man.

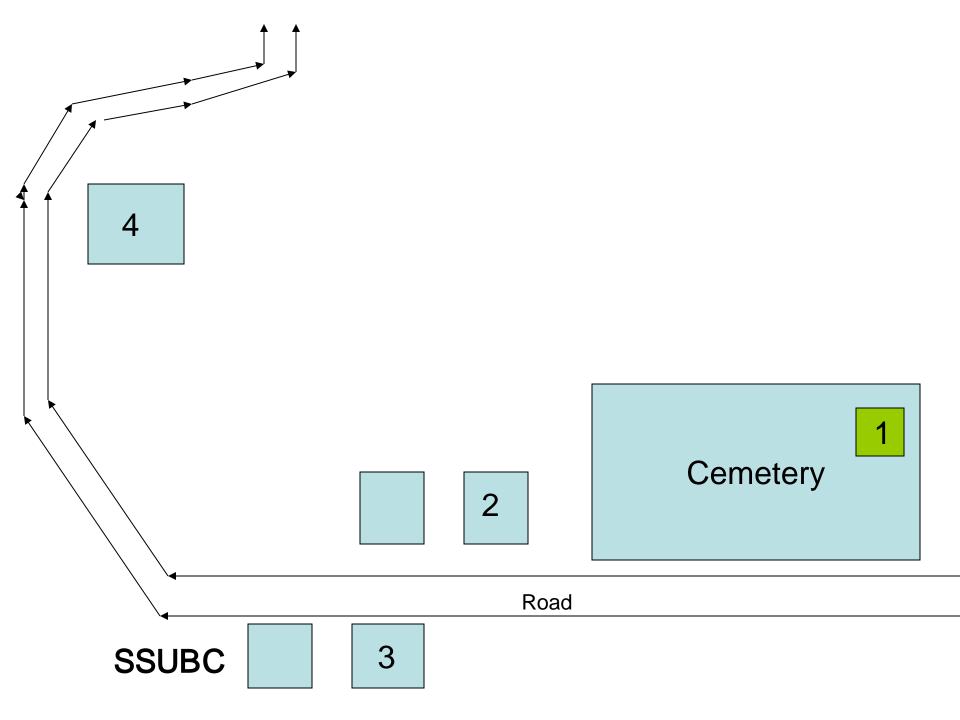

Moving of the Church

The 1997 flood moved the Suphur Springs Baptist Church about 40 feet west and rotated it about 30 degrees counterclockwise.

The congregation decided the Lord had picked a good spot for the church so they built a foundation under the building and left it there. Norman Cox fixed it.

Moving of the school

MOTHERS MARCH. The merger of Rarden Elementary School with the Otway school, drew fire from parents of the Rarden community to day. Protesting mothers formed lines at exits, blocking school buses for nearly two hours. The sign-carrying mothers finally agreed to open their ranks, permitting the drivers to go through. They have promised similar action Thursday unless they reach an agreement with the Northwest Local School District board members, (Times photo by Billy Graham.)

THE

Mothers Protest Moving Pupils To Otway School Site

(Continued From Page 1) less than half what they normally pick up. One bus which usually brings in 47 pupils had only 16 when it reached the school.

Mrs. Kirker said the Rarden representatives met with board members earlier, but got no action to help keep the school in the community. She said the board voted on the move after a 40-minute caucas which followed the discussion. Cpl. Dwyer got together with drivers, Principal Dean McClay and representatives of the mothers in an effort to ease tension and get the buses moving. He warned that there should be no reaction against drivers who cross the lines, and emphasized that any attempt to damage buses, causing a safety problem for children, would not be tolerated. When the mothers agreed to walk the protest line in such a manner that the buses could go through it if the drivers desired to do so, they said their agreement was made on the basis that Berl Haney, local superintendent, and board members would meet with the group tonight at Rarden.

Major Jim Christian, on the scene all morning, said the problem is a serious one for the community, and repeated the mothers' demands that the school representatives meet tonight at Rarden.

Bus drivers, finally agreeing to cross the protest lines after instructions from McClay, said the crossing would be for today only, and that they would have to have a better understanding before starting Thursday's run. When told of the demand for a meeting in Rarden, Haney said it would be impossible to

it, and that he reat little could be accomplished through talks without an official meeting. He did not rule out a talk session.

He said the decision to move the pupils to Otway is in keeping with the standards established by the State Department of Education.

Teachers at Rarden, with approximately 140 pupils, were teaching two grades each, Haney said, adding that this is substandard school operation. He said the board feels that the education of the pupils can be done better with the consolidation of the two schools, and that the Otway building is better suited for occupancy.

McClay headed the Rarden school, which had four regular teachers, one special education teacher and a part-time music teacher. The building, around 50 years old, has seven classrooms, a cafeteria, and a gymnasium. A large playground area surrounds the building. Protesting mothers said the move to Otway deprives the pupils of all but minimum play area. They said they were promised that efforts would be made to get additional play. ground space across the railroad from the school, with a tunnel

leading under the tracks. The transfer of the Rarden pupils will make a total of approximately 325 pupils at Otway. Teachers also were transferred in the merger

Haney said the Rarden building is to be turned over to the Neighborhood Opportunity Center which is to move from Otway to Rarden.

Of the 50 to 100 persons around the building until well after buses left, only a few indicated approval of the change. Three mothers, waiting at the buses while their children waited for the move, said they felt the pupils would be given better chances to learn with only one grade for each teacher.

The sign-carrying mothers remained at the school today, and indicated they will be there Thursday morning to continue their protests unless an agreement is reached with the school

The school board had no representive on hand to supervise the transfer, but Supt. Haney said there had been no difficul-H ties anticipated when the action was taken. He said he called Deputy Eichenlaub early today. after he got word that the protest action was to be staged.

Mothers Protest Schools Merger

Pupils of Rarden Elementary were transferred to Otway Elementary School today despite protest demonstrations by a score of marching mothers.

The transfer, announced after the last meeting of the Northwest Local School District board, was made on a one-day notice to parents, teachers, and pupils. The two bus drivers involved said they received no official word of the transfer plans.

Parents of the Rarden area pupils started the protest action after pupils carried notes from school Tuesday night announcing plans to make the merger today.

The mothers, led by Mrs. Donald Kirker, blocked exits at the Rarden school, holding up buses until 9:45and other mothers gave support by keeping children home.

Deputies Joe Eichenlaub and Clarence Pack of the Scioto County Sheriff's Department and Cpl. R. E. Dwyer of the Portsmouth post of the Ohio Highway Patrol were at the scene to prevent disorder and expedite traffic handling.

Drivers Raymond Gill of Rarden Route 1 and Marshall Ward of Rarden said their loads were less than half what they normally pick up. One bus which usually brings 47 pupils had only 16 when it reached the school.

Merger Plan Draws Fire At Rarden

Mrs. Kirker said the Rarden representatives met with board members earlier, but got no action to help keep the school in the community. She said the board voted on the move after a 40minute caucus which followed the discussion. Cpl. Dwyer got together with drivers, Principal Dean McClay, and representatives of the mothers in an effort to ease tension and get the buses moving. He warned that there should be no reaction against drivers who cross the lines, and emphasized that any attempt to damage buses, causing a safety problem for children, would not be tolerated.

When the mothers agreed to walk the protest line in such a manner that the buses could go through it if the drivers desired to do so, they said their agreement was made on the basis that Burl Haney, local superintendent, and board members would meet with the group tonight in Rarden.

Rarden Closes

Mayor Jim Christian, on the scene all morning, said the problem is a serious one for the community, and repeated the mothers' demands that the school representatives meet tonight at Rarden.

Bus drivers, finally agreeing to cross the protest lines after instruction from McClay, said the crossing would be for today only, and that they would have to have a better understanding before starting Thursday's run.

When told of the demand for a meeting in Rarden, Haney said it would be impossible to call a special board meeting tonight, and that he felt little could be accomplished through talks without an official meeting. He did not rule out a talk session.

He said the decision to move the pupils to Otway is in keeping with the standards established by the State Department of Education.

Teachers at Rarden, with approximately 140 pupils, were teaching two grades each, Haney said, adding that this is substandard school operation. He said the board feels that the education of the pupils can be done better with the consolidation of the two schools, and that the Otway building is better suited for occupancy.

Rarden Closes

McClay headed the Rarden school, which had four regular teachers, one special education teacher, and a part-time music teacher. The building, around 50 years old, has seven classrooms, a cafeteria, and a gymnasium. A large playground area surrounds the building.

Protesting mothers said the move to Otway deprives the pupils of all but minimum play area. They said they were promised that efforts would be made to get additional playground space across the railroad form the school, with a tunnel leading under the tracks.

Rarden Closes

The transfer of the Rarden pupils will make a total of approximately 325 pupils at Otway. Teachers were also transferred in the merger.

Haney said the Rarden building is to be turned over to the Neighborhood Opportunity Center which is to move from Otway to Rarden.

Of the 50 to 100 persons around the building until well after buses left, only a few indicated approval of the change. Three mothers, waiting at the buses while their children waited for the move, said the felt the pupils would be given better chances to learn with only one grade for each teacher.

The sign-carrying mothers remained at the school today, and indicated they will be there Thursday morning to continue their protests unless an agreement is reached with the school board.

The school board had no representative on hand to supervise the transfer, but Supt. Haney said there had been no difficulties anticipated when the action was taken. He said he called Deputy Eichenlaub today, after he got word that the protest action was to be staged.

A personal Note

Gene Emnett was principal at Otway. Dean McClay was principal at Rarden (for 1 day). When Rarden closed, Dean became the science teacher for grades 5-6-7-8. Berlyn Thompson had English. John McClay had history. Gilbert Fouch had math. At mid-year Gene became the Federal Coordinator, Dean became the principal and Jake Orlett was hired as the science teacher at Otway.

Dunlap

Alex Dunlap was granted land on the Adams County line by the United States. He sold it in 1845 to Solomon Newman, who sold it to Thomas Newman. In 1863, Thomas Newman sold it to the Board of Education. This property is adjacent to the John Thompson property on Dunlap Road. John Thompson is Berlyn's father.

Dunlap School on Dunlap Road in 1980

FNTER

ADAMS CO.

-

On the Border

Scott Thompson says that Dunlap School was built on the Adams-Scioto County Line. The line runs right through the front door. It was built in that location so that the Adams County kids could "go to their school" and the Scioto County kids could too! True or not? Great Story!

Lower Dry Fork

I went for a ride one Friday afternoon on Dry Fork Road (going downhill). The most beautiful scenery I had seen in quite a while. I spotted a building that was the right size and shape for a one-roomer so I took a picture. It was getting late so I didn't stop to talk. I went home.

Looks right - but it never was a school

T

Paul Alexander and his uncle built it

0

R

A Sad Tale

Paul rented the house. The renter allowed CAO to winterize and insulate it. They sealed it up so tight that mold began to grow. It became unhealthy to live in it. Paul had the house torn town.

Lower Dry Fork

I went back to Dry Fork the next day and talked with Paul Alexander. When I asked if the above house had been a school, he said "No. My Uncle Clarence and I built that in the fifties. The school was on the other side of the road and across the creek, up the hill on the knoll and look for the rocks."

From Ruth Mecum's driveway

O'Bryant - Bull Hill Foster Hollow

This school was on the O'Bryant farm on the road some call Bull Hill, others, Foster Hollow. Fosters still live there.

The building was dismantled in 1984 by Dale and Terry Foster and the lumber was used by Dale to build a home for his mother-in-law.

Foster Hollow – O'Bryant School

Go up Rarden Creek Road to the intersection with Rarden Straight Fork Road (that is, go to the Paul Alexander Bridge).

Dale Foster lived on Rarden Creek Road. It's the fork to the right. Look for his mailbox.

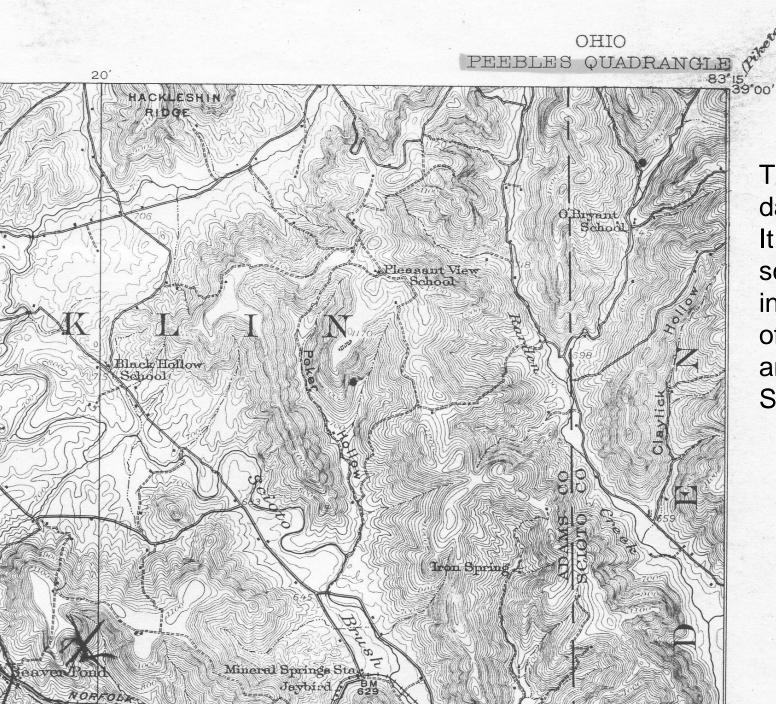

Take the other fork – go $\frac{1}{4}$ mile - turn right past Terry Foster's farm – go to the ford – park and walk or ford the creek – it's not far – field on the right – cross the creek – school faced west.

Foster Hollow on Bull Hill Road – O'Bryant School

Possible play ground

This map is dated 1918. It shows the school at the intersection of Bull Hill and Rarden Straight Fork.

Friday Feb. 3, 1905 Portsmouth Daily Times

Lays Them Low With His Club

Teacher Pounds Unruly Pupils into Subjection

Three Times They Knock Him Down But Stove Wood Stick Does Business

Rarden O., Feb. 3 -- A fierce encounter took place at the schoolhouse at Mt Joy, Tuesday afternoon, between the teacher, Alfred C. Jones and two pupils, Roy and James Roney with the result that the schoolmaster is sporting a discolored optic, while the Roney brothers, who came out second best, are laid up for repairs from wounds received in the engagement.

The trouble started over the teacher ordering Roy Roney to stand on the floor for an infraction of the rules. This the young man refused to do, saying he would take his books and go home.

Jones – Roney Fray

He made a break for the exit, but the teacher grappled with him and succeeded in locking the door. At this juncture the elder Roney, who is a stout young man, about 20 years of age, took a hand in the proceedings and knocked Jones down three times in succession. With blood streaming down his face, the pedagogue retaliated by striking James an awful blow across the head with a stick of stove wood, inflicting an ugly scalp wound, and dropping like a log felled to the floor, where he lay unconscious for several minutes. Later taken home and a physician called to dress his wounds. When he had subdued James, Jones then turned his attention to Roy and dressed him up to the queen's taste, giving his a larruping he will not soon forget.

Portsmouth Times Feb 3, 1905

The scholars were thrown into a panic and many of them ran home. Little Miss Millie Day, however, sat quietly in her seat throughout the dual and laughed like Nero at the burning of Rome.

The Roney boys are both young men and heretofore have borne a good reputation. They are the sons of Martin Roney, a well known farmer.
